ONLY WHITE GROUT AND ADHESIVE TO BE USED.

A close-up photograph of a rough, textured rock surface, possibly a piece of weathered stone or concrete. The surface is characterized by numerous small pits, cracks, and irregularities, giving it a rugged appearance. The color palette is primarily earthy, ranging from light tan and beige to dark brown and black. Overlaid on this background is the text "mixed & brick" in a bold, white, sans-serif font. The text is centered horizontally and vertically, with a thin black outline around each letter to ensure readability against the complex background.
