Support Frames for Bathtub

Model: 790127000000000

**OPTIONAL:**

Bath Filler -Waste and Overflow

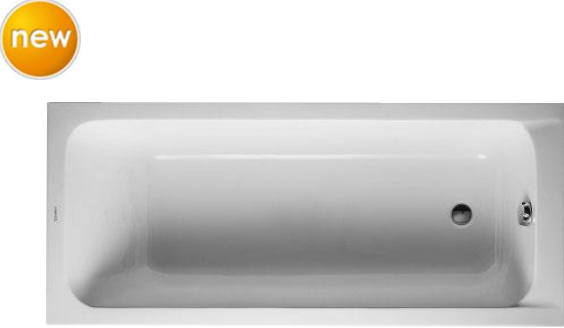

Model: 792217000001000

**Acrylic**

The advantage of acrylic is its warm, pore-free and smooth surface. It is pleasant to the touch and the user immediately feels at ease. With its white shimmering gleam, the material harmonizes with all the other ceramic objects in the bathroom and ensures continuity of design. The bathtubs can be elegantly combined with furniture panel thus forming a link with the bathroom furniture. The user can rest assured knowing that the acrylic bathtub will retain its color throughout its lifetime. The material is colored throughout, UV-stable and colorfast. A bathtub made from sanitary acrylic is not only easy to install it is also resistant to almost all conventional cleaning agents.

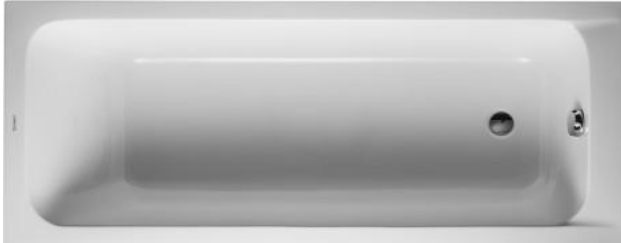

**D-Code Range - Design by sieger design**

**D-Code Bathtub - Built-In Version**

 Model: 79138400000000

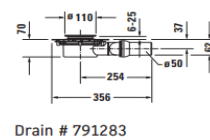

Horizontal Outlet Drain for installation with support frame  
 Model: 79128300000000

### Installation on screed

### Installation with support frame

## Pre-installation

### INSTALLATION LOCATION / INSTALLATION ROOM

- > Make sure that the installation location fulfils the following criteria
- Doors / external access**
- > Ensure that doors or other access openings are large enough to accommodate transport dimensions, keeping in mind the weight and need for sufficient manoeuvring room.

**Required area** Allow for enough space around the shower tray for the installation.

- Floor**
- Completely level
  - At a right angle to the wall
  - Note the overall strength of the floor structure including the floor finish
  - No underfloor heating should be located under the shower tray

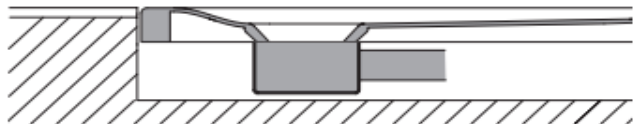

#### NOTE

The residual humidity of the screed must not exceed 2 CM% (calcium carbide method) at the start of installation.

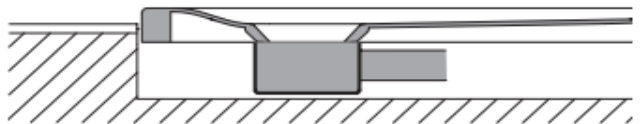

- Wall**
- At a right angle to the shower tray / floor
  - Completely straight

### RANGE OF APPLICATIONS

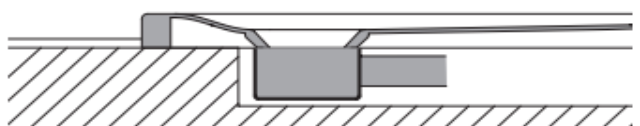

#### Flush with the floor

#### Semi-recessed

#### Surface-mounted

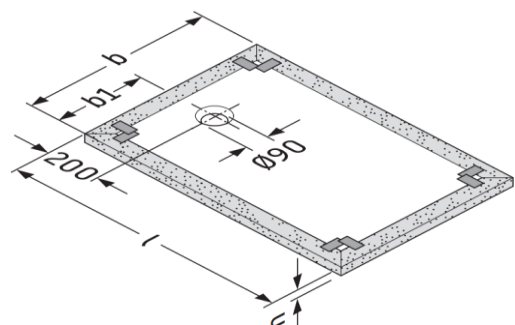

### INCREASED NOISE PROTECTION

The noise reduction gasket for shower trays (#791372) is needed for more stringent noise protection requirements in accordance with DIN 4109, the noise protection level 3 of VDI 4100 and SIA 181 (e.g. for the typical "bathroom over bathroom" room layout) when installed with a support frame on an unfinished floor.

### ANTI-SLIP

An anti-slip coating is optionally available for the Tempano shower tray. The evaluation category C for wet barefoot areas is achieved with the anti-slip coating in accordance with DIN 51097.

 1855 x 885 mm - Model 700330000000000  
 DuraSolid A  
 Incl. Support Frame  
 Incl. Special Waste & Overflow **\*Push Open Waste Included**

**DuraCeram®**

Conventional bathroom ceramic material requires a thickness of 12-14mm to ensure the necessary strength after firing.

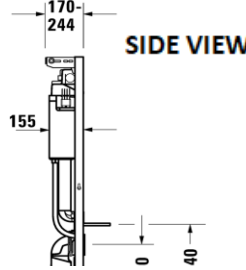

For finer forms, Duravit has developed a new, innovative material called DuraCeram, which is thinner and notable for its extreme accuracy, high strength and elegant finish. In this way, a new dimension in design diversity is achieved: maximum elegance without any sacrifices in terms of quality, robustness and ease of cleaning.

Projection 125mm

**FreshStart**  
 For the first time, basin mixers are available with the "FreshStart" function. At first only cold-water flows in the middle position. Only when the user deliberately moves the handle to the left is hot water added. The energy-intensive preparation of hot water is limited to situations in which it is actually required.

## SENSORWASH RANGE

April 2024

## SensoWash Range

### D-Neo SensoWash Rimless® SensoWash Hygieneglaze Pan and Shower Seat

Model: 2502092000 - Pan 4.5l / 3l flush

Model: 614700012000300 - Shower Toilet Seat

#### With Concealed Connections

Designed by Bertrand Lejolie

#### Water Connecting Set to SensoWash f Seat

Model: 1007310000 - Connecting Set

#### Infobox: SensoWash

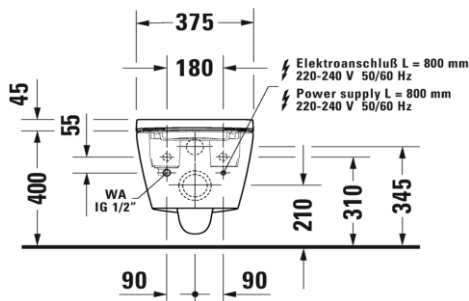

Install an isolation switch (loadshedding)

Surge protection is advised (loadshedding)

This wc has a flow restrictor included in the box

#### Descaling Tablets 6 x 18g

Model: 1007250000

#### 1. Wash Function - RearWash, LadyWash and Comfort shower

Water Temperature, Spray intensity, and wand position can be individually adjusted.

#### 2. Seat heating and Energy-saving mode

This can be switched on and off as desired or can be activated and deactivated automatically at set times in order to save energy.

The temperature of the toilet seat can be individually controlled via remote control.

#### 3. Night light provides orientation and safety without interrupting body repose

#### 4. Slow-close function - with just a light tap, the toilet lid will close automatically, gently and quietly.

#### 5. Decalcification, the descaling function keeps the performance of the SensoWash shower toilet from being impaired by the formation of limescale - even in areas with hard water.

#### 6. Remote Control all the SensoWash D-Neo functions can be conveniently operated via remote control.

**Undershower Range**

**DuraStyle 54cm Rimless Undershower Pan with SoftClose Seat & Cover**  
Model: 2538490075 - Pan  
Model: 0063790000 - SoftClose Seat & Cover

**DuraStyle 54cm Rimless Undershower Pan with Standard Seat & Cover**  
Model: 2538490075 - Pan  
Model: 0063710000 - Standard Seat & Cover

*This wc has a flow restrictor included in the box*

**D-Neo WM Undershower Pan with Durafix Pan with Softclose Seat Rimless®**  
Model: 2577490075- Pan 4.5l / 3l flush  
Model: 0021690000 - SoftClose Seat & Cover

**D-Neo WM Undershower Pan with Durafix and Standard Seat Rimless®**  
Model: 2577490075- Pan 4.5l / 3l flush  
Model: 0021610000 - Standard Seat & Cover

*This wc has a flow restrictor included in the box*

**Info Box:**

**Installation Method 1**

3/8" (10mm) water connection from the wall connects to a 3/8 x 3/8" (10x10mm) Angle Valve.  
A 3/8" (10mm) Braided Connector connects from the Angle Valve to the side nipple on the pan.

**Installation Method 2**

The nipple on the side of the pan is removed and connected to a 3/8" (10mm) nipple behind the pan. This is then piped to a Spindle Type Shut-off Valve to regulate the water pressure.

## Starck f Plus

### ME by Starck for Sensowash Starck f Plus shower seat

Model: 2510092000 - Pan 4.5l / 3l flush
